

RV CABINETRY SOLUTIONS

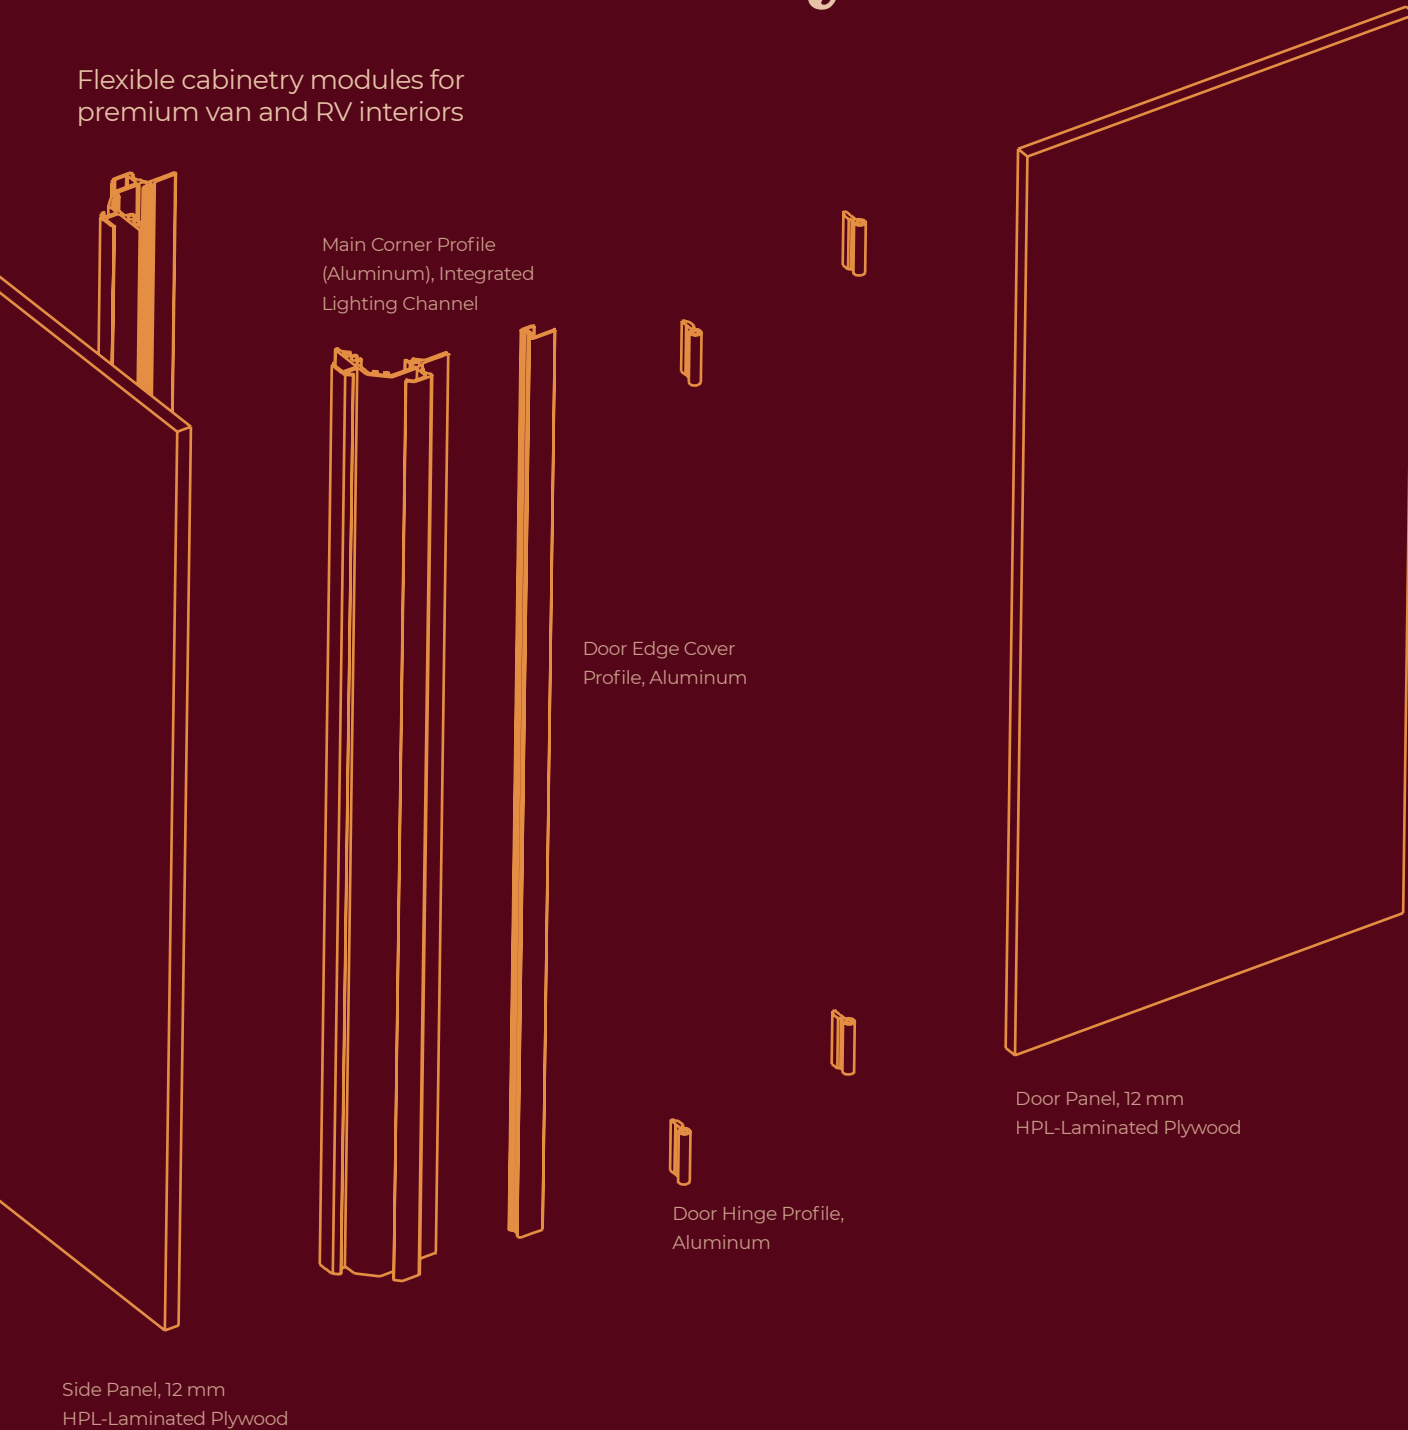

IconicVan

Modular Camper Furniture Systems

Flexible cabinetry modules for premium van and RV interiors

Our modular cabinetry systems combine refined materials with intelligent engineering to deliver beautiful, functional spaces that move with you. Create layouts that fit your lifestyle—today and for every journey ahead.

PREMIUM FINISHES

Elevated materials, refined details, timeless design.

LIGHTWEIGHT

Smart engineering for better efficiency and payload.

DURABLE & RELIABLE

Built to perform. Tested for the road. Made to last.

RESPONSIBLY MADE

Sustainable solutions for a better tomorrow.

APPLICATIONS

01 Full-Size Cargo Vans / Custom

Purpose-built beds, compact galley, custom cabinetry, overhead storage and rear bed solutions.

02 Regular Camper / Class B

Family-oriented layouts with dinette seating, cab-over sleeping areas, pantry units, and rear bedroom modules.

03 RV Trailer

Thoughtful interiors with front bedroom cabinetry, mid-kitchen options, and rear lounge storage systems.

04 Large Bus RV / Motorcoach

Residential-scale furniture solutions for lounge areas, full galleys, bath zones, and rear living spaces.

WHAT WE BUILD

IconicVan creates premium modular cabinetry for modern living solutions, including kitchens, bathrooms, lounge, bedroom and all-in-one systems. Our expert team blends craftsmanship with smart function and elevated design.

Our solutions are designed for real-world RV conditions — lightweight, vibration-tested, and space-efficient. Simply Iconic. Thoughtfully Engineered.

WHY IT MATTERS

RV interiors are evolving from simple cabinetry into complete living systems.

IconicVan goes further, reshaping the RV interior with solutions that pair residential style and comfort with the enduring practicality required for travel, storage and everyday living on the road.

OUR MISSION

To help RV manufacturers and conversion specialists build beautiful, durable and intelligent interiors faster — with modular furniture solutions that fit their passion, elevate the customer experience and support scalable production.

01. Kitchen Galley Cabinet

Minimal form. Maximum function.
Designed for modern living.

Aluminum Profile System

	Main Corner Profile with Integrated Lighting Channel	Primary structural aluminum profile forming the cabinet frame and exterior corners. Includes a dedicated internal channel for integrated LED lighting, allowing clean ambient illumination without additional visible light housings. Designed to securely capture 12 mm panels.
	Intermediate Connection Profile	Structural joining profile used between panels and cabinet sections. Provides a clean, rigid connection while supporting modular furniture layouts and 12 mm panel integration.
	Door Edge Cover Profile	Slim finishing profile for cabinet doors and exposed panel edges. Protects the 12 mm panel edge while creating a clean, continuous aluminum finish.
	Door Hinge Profile	Integrated aluminum hinge component designed for a clean, durable door connection with minimal visible hardware. Forms part of the profile-based hinge system used throughout the cabinetry.

02. Upper Cabinet

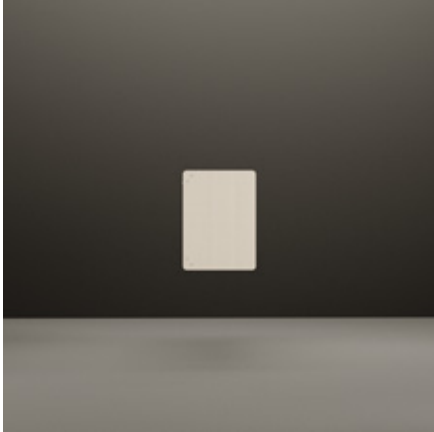

Generous storage. Clean integration.
Designed to preserve a balanced, open interior.

STONES

SOLIDS

FIBERS & TEXTILES

METAL LOOKS

CUSTOM BY DESIGN

Every IconicVan is built to reflect your vision. Mix, match and customize materials, colors and finishes with our team to create a space that is distinctly yours.

02. Edging & Trim Options

Premium details for a refined finish

Thoughtful edging and trim options create a flawless, enduring finish that brings every interior together.

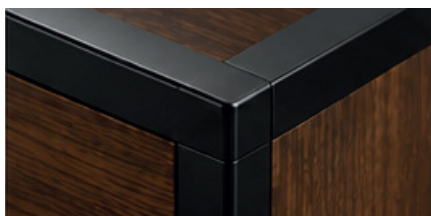

1. BRUSHED ALUMINUM FRAME

Sleek brushed finish for a modern, architectural look.

2. BLACK ANODIZED FRAME

Sophisticated matte black for a bold, contemporary accent.

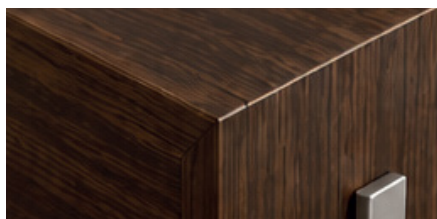

3. CHAMPAGNE EDGE TRIM

Warm metallic edge for a subtle touch of elegance.

4. SEAMLESS EDGE BAND

Seamless edge band for a natural, minimalist finish.

5. SOFT RADIUS CORNER

Smooth, rounded corners for a softer look and enhanced comfort.

6. PROTECTIVE CORNER TRIM

Durable protection for high-traffic corners and everyday use.

Designed to complement a wide range of units, doors and panels with a refined, cohesive finish.

03. Surface Finish

From subtle matte to brilliant gloss.

Each finish brings a distinct character to the interior, combining visual depth with durability and easy maintenance.

1. MATTE

Soft, understated, non-reflective.

2. GLOSS

Clean, polished, light-enhancing.

3. MIRROR GLOSS

High-shine, dramatic, ultra-premium.

ENGINEERED TEXTURES

Luxe Wenge / Hairline Steel
